Townsville SHOW

Message from the manager

Welcome to the 2026 Townsville Show!

It's wonderful to welcome you back for another year of bringing our community together. Whether you're here for the rides, entertainment, competitions or simply a great day out with family

and friends, we hope you enjoy everything the Show has to offer. Although the cost of living continues to rise, we've chosen to keep our admission prices the same. Thanks to the incredible support of our sponsors and local businesses, we can continue offering an affordable event for the whole community.

I would also like to acknowledge our local government members. For a long time, it often felt like community organisations were creating opportunities while others were creating obstacles. Thankfully, that has changed. It has been a pleasure working with people who are approachable, willing to listen and committed to supporting local events.

We hope that attitude continues for many years to come. Thank you for your continued support. Enjoy the Show, and we'll see you again next year!

Message from the Premier

Each year the Townsville Show is a proud milestone on the North Queensland calendar, bringing together the community for a celebration of local spirit and tradition. As a born and bred North Queenslander, I know how important this event is for the community to gather and celebrate everything that makes this region so special. Alongside your local MPs Janelle Poole, Natalie Marr, Adam Baillie, Wayde Chiesa and Dale Last,

our government is delivering for North Queenslanders, by:

- Making Queensland safer with our landmark Adult Crime, Adult Time laws and stronger youth bail monitoring laws. We are also delivering more police and investing into new early intervention and rehabilitation programs to break the cycle of youth crime.
- Delivering safer roads and better transport with the continued roll out of our historic \$9 billion Bruce Highway upgrades and Country Road Connect program.
- Giving more people a place to call home and accelerating housing supply as part of our landmark \$2 billion Residential Activation Fund.
- Delivering generational infrastructure and more jobs for the region with the Townsville-to-Mount Isa CopperString project.
- Delivering more health services when you need them by adding more health professionals to the workforce, expanding our infrastructure and increasing hospital bed capacity, including upgrading Townsville University Hospital to deliver at least 165 new beds and eight perinatal mental health beds.
- Repairing and replacing essential infrastructure to help get disaster-affected locals back on their feet.

Thank you to everyone who has helped deliver this year's show. I hope you can all take a moment to enjoy your hard work and celebrate with your community.
